

The core mission of the United Way is to have a positive impact on the lives of people in Cortland County. We increase our impact by utilizing volunteers; thousands of volunteers give their time each year to the United Way, adding countless hours of manpower to our organization, which in turn adds value to each dollar donated. This allows United Way programs to focus their resources on addressing needs in Cortland County.

GIVE. ADVOCATE. VOLUNTEER.

United Way for Cortland County has made huge strides in addressing difficulties that face our community, but we still have many challenges.

- Unemployment is close to 9%.
- 22.3% of our children are living in poverty, compared to the Upstate New York average of 17.5%.
- Incidence of child abuse ranks highest among surrounding counties.
- 82% of our high school seniors have experimented with alcohol; 18% have abused prescription drugs.
- 31% of our children are overweight, compared to the 17% national average.
- In the "County Health Rankings," Cortland County ranks in the bottom third for health outcomes of all counties in New York State.

United Way programs are confronting these challenges and many others head on: focusing resources on strengthening families, improving health in children and adults, and fighting the persistent cycle of poverty and all the challenges it brings. You can trust that your donation to the United Way is vigilantly invested in programs that are changing lives in Cortland County and making our community stronger.

Please consider supporting the 2015 Campaign.

THAT'S WHAT IT MEANS TO LIVE UNITED
